

Please return by March 1st, 2020

Click here to Make an account and [Fill out online](#) the **Youth Volunteer Form**
Cincinnati Museum Center Youth Program Application

Dear Interested Youth and Families,

Thank you for your interest in Cincinnati Museum Center Youth Programs! Youth Programs is youth development program designed for youth ages 13-18. The focus is on career and leadership development, diversity exposure, and professionalism. Once you join our program, we encourage you to participate through your senior year of high school. Much of your time will be spent volunteering in Cincinnati Museum Center in one of our 'Tracks'; however, you will also have the opportunity to meet new people, prepare for college, go on college tours, and attend summer trips, both within Ohio and across the United States. Our goal is to help you be successful as you move through high school and into your future. We are looking for hard-working, fun-loving, dedicated youth to make our program even better!

Youth will volunteer in one of our "Tracks" throughout Cincinnati Museum Center. The Tracks are: Shows and Interpretations, Community Engagement, Maker Space and Labs, and Gallery Experience. More information on tracks to come.

An application and essay questions are included in the link. Please complete and return forms/signatures by **March 1st, 2020**. After we receive your completed paperwork, we will call and arrange a tour and an interview. These will begin in March.

As a Youth Program member, you are expected to interact with guests of all ages, interpret the exhibits, facilitate demonstrations, and make the museum an enjoyable interactive experience. You will have the opportunity to attend field trips, increase leadership skills, explore careers, develop job skills, build communication skills, and increase community awareness. To supplement our museum demonstrations, some of our activities include summer trips within Ohio and across the United States. In the past we have been to places such as Florida, New York, Boston, North Carolina, New Orleans, and California. Within our program we also practice résumé writing and interviewing, coordinate college visits, and assist CMC with community events.

As a new youth volunteer, **you are required to attend all three New Youth Orientations, MAP Training, Youth Shadowing, and New Youth Placement Track Training.** These dates can be found at the end of the application. Once a member of the Youth Program, you must volunteer at least 10 hours minimum a month during the school year and 10-15 hours minimum per week during the summer. In addition, you must attend a mandatory monthly meeting every third Wednesday of each month from 4:00pm-6:00pm called OMNI. After one year of volunteering, accumulating at least 250 hours of participation and meeting a certain attendance percentage, you will be **eligible to apply** for a paid position.

Cincinnati Museum Center Youth Programs is dedicated to providing educational and enjoyable opportunities for youth. We look forward to meeting you and discussing these opportunities!

Sincerely,

A handwritten signature in black ink, appearing to read "CHarper".

Calvin Harper, Youth Programs Director

Youth Programs

Youth Programs is a development program for 13- 18 years-olds. It's designed to prepare Youth for college, career and community through museum studies, field trips, college readiness and much more.

Interested in joining Youth Programs?

During our Family Night and Open House at the Cincinnati Museum Center, our Youth will be showing off what they've learned with hands-on demonstrations and answering your questions with a Q&A panel for prospective new Youth and their parents.

RSVP by Feb 26th
