Food Vendor Packages

On November 8, 2024, *Layers of Innovation* will celebrate all things science, technology, engineering, art and math during an adults-only night at the museum.

We'd like to extend the invitation to showcase your culinary creativity with nearly 1,000 of our closest friends.

The event will offer guests an evening filled with light bites, cocktails, explosive programming and exclusive access to CMC's world-class exhibits. With a brand new reimagined exhibit recently opened in the Museum of Natural History & Science and another one opening this summer, we anticipate welcoming even more people to Union Terminal for the *Layers of Innovation* celebration than in previous years.

Layers of Innovation food vendor opportunities include:

Dinner portion

Create a menu incorporating elevated bite-size dinner options from 7 to 9:30 p.m.

Late-night bites

Offer after-hours snacks from 9:30 to 11:30 p.m.

We encourage you to have fun with ideas that showcase your community favorites or delve into new ideas. Space is limited and vendors will be provided with two 8' tables and advertising on CMC's website and social media channels.

If you are interested in participating, please email Kelly Bachus at KBachus@cincymuseum.org with your contact information and the type of food you would like to serve or call (513) 287-7000 ext. 7074.
