

Music in the Museum

1929 Grand E.M. Skinner Symphonic Concert Organ

Music in the Museum

One of Cincinnati's best kept secrets, the 1929 Grand E.M. Skinner Symphonic Concert Organ sits quietly near the entrance to the Robert D. Lindner Family OMNIMAX® Theater for guests to admire. Many visitors walk by the console in its case and think it is simply a relic. Little do they know the magical music it can make!

The 2025-2026 series welcomed over 1,100 guests to hear three outstanding organists. We anticipate a similar audience for the 2026-2027 series.
